

GREEN BOATING GOALS

Thoughtfully Provision and Manage Your Waste

- » Properly dispose of trash, recycling, and food waste
- » Avoid single-use, throwaway plastic
- » Reuse materials whenever possible

Reduce Your Impact on the Environment

- » Conserve energy to lower your carbon footprint
- » Be aware of sensitive habitats before anchoring
- » Document and share encounters with wildlife

Be Careful What Goes Into the Ocean

- » Use non-toxic cleaning products
- » Be aware of local discharge rules
- » Protect your skin with reef-friendly sunscreen
